RIVEREDGE'S MISSION

The mission of Riveredge Nature Center is to support conservation through education that awakens curiosity, engages the body, and explores connections to nature for all generations.

- **Within Our Natural Sanctuary:** We work to change lives by inspiring youth, families, and adults to step away from life's distractions and into the prairies, woods, and wetlands. Our innovative programming makes it fun to make time for nature.
- **Within Our Communities:** Reaching people where they are, we create partnerships that help people integrate nature into their everyday lives. Our community programming brings the great outdoors to families, schools, and neighbors.
